

FOLLOW US ON TWITTER

Dear Parents & Guardians,

Our school is connected! Please follow us on Twitter as we use this social media tool as a school to share, connect, and collaborate with the world around us. On the second page of this letter you will find all Twitter handles for individual classrooms. The school will use the Twitter account (@pcsd_fv) to share snippets of our work, learning, and life at school.

Our goal as a school is to have each classroom tweet at least once a week. Our teachers are excited to tweet about classroom work or exciting events at school. We hope that this will help our families to see what is happening regularly in our classrooms.

Student safety is of our utmost concern. Last names will not be included in tweets unless you have given permission through our acceptable use policy. Images of students may be included in our tweets. Responsible use of social media and Internet safety will be explicitly taught in our classrooms to ensure all students know how to stay safe while online. We will operate under the following guidelines as a school when using Twitter:

1. When students compose a tweet it will be approved by an adult before publishing.
2. Classrooms will only connect to classes and people who add value to our learning.
3. We use first names only on Twitter unless there is parent approval to include a last name.
4. Twitter is a **tool** for learning and showcasing the learning our students are doing.

Finally, if you do not have a Twitter account, and need assistance on creating one, please contact the school office. Mrs. Huisman will be available and more than willing to help you create a Twitter account so you can start following our school and classrooms. Using this social media tool will give you a glimpse into our classrooms and your child's learning in a new and exciting format. I think you will love being "connected"!

"Tweet"fully yours,

Mrs. Niki Napralla
