## Skylert after we teach:

Within the past week, all sixth grade students participated in a lesson with a school counselor on social cruelty. Unfortunately, adolescence can be a time where “meanness” can increase. After discussing different types of social cruelty (teasing, excluding, bullying, rumoring, ganging up), it was impressed upon our students to THINK before speaking/acting. THINK is an acronym standing for... is it True, Helpful, Inspirational, Necessary, Kind!
